

# When you fill up your car, look what's going on around you

Things are not always what they seem

Signs of slavery are often hidden making victims even harder to recognise...

- Are individuals being swapped into different cars?
- Is someone 'escorting' them?
- Do they look fearful, could they be looking at you for help?
- Does it look as though they are being held against their will?

Slavery still exists. If you can see them – **be their voice**
